Personal Statement

Acting as a web developer since 2020, I have worked in various teams at companies that **impact thousands of users every day**. Always attentive to user experience and using data to leverage metrics. Currently focused on **ReactJS + TypeScript**.

Professional Experienece

– Front end Developer
Cazamba
July 2021 – Present
Cazamba is the 3rd largest adnetwork company in Brazil. I was responsible in building their Analytics Dashboard with **ReactJS/Typescript** and adapting **Clients PSDs** files to a **HTML/CSS/JS** animated media and delivering it in various publisher websites.

– Front end Developer
AdHow Solutions
January 2022 – Present
Adhow Solutions is a B2B adnetwork with clients such as Sony, Band, Uol, etc. I work in the development team responsible for creating the company's **ReactJS/Typescript** website and adapting **Clients PSDs** file to a **HTML/CSS/JS** animated media and delivering it in various publisher websites.

- Front end Developer
Argotechno
March 2022 – May 2022
Argotechno is a multinational B2B company specializing in payment systems. I created the company's website using **WordPress**, making it easy for non-technical personnel to maintain.

- Front end Developer
Criazi Sites
Setembro 2022 – Junho 2021
Criazi Sites is responsible for creating, maintaining, and hosting websites for various clients. I worked in the development team **(HTML, CSS & JavaScript)** responsible for direct client contact and implementing requested changes or creating websites from scratch.
